Mental Health Advisory Board Formed

An advisory board has been formed by local citizens to help develop mental health facilities locally.

Serving in an advisory capacity to the recently incorporated Community Family Services Agency, the Board will develop programs and psychological and psychiatric services in Crawford County.

Although all of the services to be provided have yet to be defined, it is expected that they will include most of the services provided by mental health agencies, including marriage counseling, diagnosis of learning, emotional or psychological problems; out patient mental care, child guidance, psychotherapy, etc. It will also serve as a center for developing various community programs, such as drug education, child growth and development, etc.

About 75% of the funds for a mental health agency are provided by the State Department of Health and the remainder must be raised locally. The State has given tentative approval to our application beginning the program July 1, 1971.

Community Family Services Incorporated will serve four counties including Crawford, Roscommon, Missaukee & Wexford. Offices will be located at Cadillac and at Grayling and will be staffed by a secretary and a psychiatric social worker. The two offices will share the services of a full time psychologist and hopefully a full time psychiatrist.

The local advisory board has divided into four committees including a finance committee, publicity committee, housing committee, and services or programs committee. Myrtle McPhail and Fraser Dean are acting as co-chairman of the advisory board with Bruce Benson heading up the finance committee. Al Beatty chairing publicity, Roberta Wright chairing services, and Olin Williamson heading up the housing committee.

The next meeting of the advisory board will be at 8:00 p.m. on Monday, April 19, in the Courthouse basement.

Drive Progresses For

Veterans' Memorial

A community unites to honor its veterans. This is so very true of the support behind the Crawford County Veterans Memorial. Support has been received from almost every service club, branch of government, individual and church members. The donations already received have passed the halfway mark in the drive. It is very possible that by the time the memorial is erected the fund will be well over 100 per cent.

The arrival of the monument and the eternal flame that is to accompany it is not too far away. Work should be started

in front of the court house in the next couple of weeks.

Any citizen wishing to participate in this program may do so by contacting Jack Rasmussen if they wish to offer services or by mailing their contribution to Bob Goltick, 605 Clyde St., or Larry Gust, 709 Michigan Ave. Pens and pins with Americanism on them are being sold by many various merchants and groups with the profits from these items being put towards the memorial also.

A community unites to honor its veterans. "Be a Part of Your Community."

Benedict Explains Bear Layoffs

Citing swollen dealer inventories and a general sluggishness in consumer buying the first three months of the year as the main reasons, Ralph H. Benedict, Jr., Executive Vice President and General Manager announced that 26 persons have been temporarily laid off at Bear Archery Division, Victor Company Corporation.

"We deeply regret having to

make this move," said Benedict, "but there is little point in producing products for a market which still hasn't rebounded from last year's recession." He did note, however, in a letter to all Bear employees, that sales of accessories and arrows were running ahead of estimated sales forecasts.

"The simple fact of the matter is," he said, "that our dealers are still stocked with bows they bought last year in anticipation of renewed buyer activity in the 3rd and 4th quarters of 1970. This activity never took place." He added that in light of an analysis of first quarter sales, Bear projections for 1971 have been adjusted accordingly.

He added that Bear sales are reviewed and analyzed on a continuous basis and when an upturn in consumer buying activity is noted, coupled with a decline in dealer inventory, that an increase in production at the Bear plant will certainly be given serious consideration.

On May 1st

In setting up these meetings Lovely said, "On June 30, 1971, the Michigan Veterans Trust Fund will have completed 25 years of operation; and inasmuch as the county committees work with all federal, state and county agencies in carrying out the intent of the program, we find it necessary to schedule these meetings to provide for the mutual exchange of information by the county committees and all agencies and organizations that serve the veteran in each county."

The week of April 19 through 25, has been proclaimed National School Bus Safety Week.

The Crawford AuSable School District will be observing this week, and will have a school bus on display in downtown Grayling on Friday, April 23, from 9:00 a.m. until 3:00 p.m. for the citizens to inspect, and ask any questions they may have, according to LeRoy Akers, bus supervisor.

For the benefit of our readers we are reprinting the Michigan Law regarding the stopping for school buses.

You are required to stop when overtaking or meeting a school bus which has stopped and is displaying two alternating flashing red lights.

Stops must be made at least 10 feet in front of or to the rear of the bus and you may not proceed until — (a) School bus resumes motion, or (b) Visual signals on bus are no longer actuated.

You need not stop for a stopped school bus at an intersection controlled by a police officer or stop-and-go signal, but may pass the bus at a speed not greater than 10 miles an hour and with due caution.

The driver of a vehicle upon any highway which has been divided into two roadways by leaving an intervening space, or by a physical barrier, or clearly indicated dividing sections so constructed as to impede vehicular traffic, need not stop upon meeting a school bus which has stopped across the dividing space, barrier or section.

The school bus driver is required to activate the two alternating flashing lights when it is stopped for the purpose of receiving or discharging school children and for a distance of at least 200 feet in advance of such stop.

The law does not apply in incorporated villages and cities, but stopping can be required by local ordinance if there are signs to inform you of the regulation.

Jack Pine's Stump

Spring, now that it finally appears to be here, is a great time of the year. Like Easter, it's a time for renewal, for growth, for re-affirmation of all that we believe in. Progress is measured in growth, and just as the trees, flowers and grasses start to grow again, so should our faith in the future.

—JP—

The disappearing snow washes away much of the past, literally and figuratively. But it also uncovers some weird and peculiar remembrances of the past. If you don't believe me, take a drive by the high school. Look at the horrible piles of junk and building scraps which are scattered all over the place. It's enough to make you sick. Now I don't know who's to blame, but most builders I know generally make an attempt to clean up after themselves. The better ones do it daily. I can see no logical reason why this miserable eyesore should still be there. Maybe by the time this column comes out some of those kids at the school - who are madder about it than many citizens - will have started to do it on their own. It wouldn't surprise me at any rate - unless there is some law which says they can't.

—JP—

Speaking of laws, a certain Mrs. Margaret Maki, from the far reaches of the Upper Peninsula, has really run afoul of regulations, according to a news-letter from Senator John Toepfer. For more than 30 years Mrs. Maki has been a good school teacher in Adams Twp. near Painesdale. In June she was to retire and start enjoying the fruits of her labors. But she was fired in February. Apparently the Adams Teachers Association has an agency shop agreement with the school board, which meant that Mrs. Maki had to join the association or get fired. Apparently a very independent woman, Mrs. Maki refused and was fired. I'm all for shop organizations, for the benefits are generally far greater than without. But there ought to be a place for people like Mrs. Maki who have long-held opinions and feelings, and who, in later years, just shouldn't be expected to compromise them.

—JP—

Little Junior, who hadn't spoken a word in all of his six years, one day at breakfast said, "Mom, the toast is burned." His shocked and joyful mother, as she hugged and kissed him, said "Why haven't you spoken to us before this?" "Well," replied Junior, "Up until now everything's been O. K."

1972 is Grayling's Centennial Year, and there really isn't too much time to start thinking about what we are going to do. It's got to be the best Centennial the State ever saw - 'cause naturally we're the best place in the state. (In spite of the snide comment I heard yesterday that our City streets still have the original wagon ruts). But seriously, we can have a lot of fun next year. If you have any ideas for Centennial events, or any old pictures or stories of early Grayling citizens and doings, let Sal Truettner know, or drop them off at the Avalanche. We promise tender, loving care, to return them, and give full credit to the donor.

—JP—

It's good to see Ray Slusser back in business again at his old stand. He's had a hard row to hoe for quite a while now, but managed to weather most of it. Good luck to a good citizen and businessman.

—JP—

Since Slusser is a golfer and our local course is getting greener by the day, I am reminded of one of my favorite golf stories. When a wife came into the bedroom, she found her husband in bed with his golf clubs. As she stared at him, he told her, "When we had that argument about my playing so much golf the other day, you told me I had to make a choice. Well, I made it."

He has until April 20 to pay the fine.

Appearing on April 8 were: Michael O'Connor, 17, of Union Lake; Ora Reeves, 18, of Union Lake; Joanna Maxon, 21, of Frederic; and Mark C. Razook, 18, of Union Lake, all appeared on charges of B & E, stemming from their arrest by sheriff's officers for alleged offense on September 1, 1970. The original charge was dismissed and the prosecution added two counts, larceny under \$100.00 and malicious destruction under \$100. The defendants entered pleas of guilty on the two counts and sentencing was set for April 22.

Attend The Church Of Your Choice

After the bleakness of winter comes Spring. Fulfilling a promise of long ago, the seasons follow one another in divinely planned succession.

All around us we see evidence of evil, but the Church gives positive assurance that God is ever present. As Spring brings new life, so does the Church.

Consider the daffodil - its freshness and beauty speak of hope. Consider the Church - its steadfast faith strengthens mankind. God creates daffodils, but intelligent cultivation makes them even more beautiful. Likewise, He depends on us to spread the influence of the Church and to make a better world.

Accept this tremendous challenge and become a part of God's Church today.

Advertising Makes It Go

Mrs. Virginia H. Knauer, President Nixon's consumer adviser, is quoted in a news dispatch as telling the advertising industry it will either have to reform itself or be reformed by the government. She says, "As I travel around the country, one question keeps recurring from the housewives I meet. They want to know why so many ads treat women like children, like third graders. Should the American housewife be treated like a moron? Is the best selling appeal one which insults a person's intelligence? . . . Unfortunately, in advertising as in any other human undertaking, there are those that Mrs. Knauer terms ' . . . not so decent, not so honorable. There are those who believe integrity is something one can sell or buy for a few dollars.'"

While paying due heed to the words of the President's consumer adviser, one should not lose sight of the fact that advertising is an indispensable feature of the free market. Millions of reputable firms present through advertising for consumer consideration the goods and services which make life not only pleasant but liveable. Informative advertising saves consumers' money and promotes high-volume distribution of luxuries, as well as necessities. It tells the consumer what is available in the marketplace and where.

Mrs. Knauer might have added that those guilty of shoddy, misleading advertising are fooling no one in the long run for the simple reason consumers are far from morons and though the exercise of free choice can reject products that are accompanied by objectionable promotion.

Preserving Civilization

National Library Week is to be observed April 18-24. Its purpose is, "To create a better-read, better-informed America by encouraging lifetime reading habits and stimulating greater library use." Books have a singular importance unequalled by any other method of human expression. They are the storehouse of the knowledge and wisdom that perpetuates civilization from one generation to the next. An education is impossible of attainment without resort to the knowledge that is accessible nowhere but in the great books that have been produced over centuries. It is no coincidence that suppression of books is a first act of any despot who fears the wisdom of human experience as recorded in books that can be found in virtually any library.

Nationally Library Week serves to remind us that we are indeed a wealthy nation — wealthy because we possess two vital ingredients of liberty — thousands of libraries where the world's knowledge is stored and freedom of press to utilize that knowledge for advancement of mankind.

Obituaries

Edward Hartwick, 67 Succumbs in Detroit

Funeral services were held Saturday, April 10, in Detroit for Edward Nelson Hartwick, 67, descendant of one of Crawford County's pioneer lumbering families. Mr. Hartwick collapsed and died Tuesday, April 6, while walking near his home in Grosse Pointe Park, a Detroit suburb.

Mr. Hartwick was born in Jackson, Mich., May 3, 1903, where his father, Edward E. Hartwick of Grayling, had founded the Hartwick-Woodfield Company, one of several lumber and real estate firms in which the family held an interest. His mother was the former Karen B. Michelson of Grayling, daughter of Nels Michelson, one of the principals in the Michelson-Sailing-Hanson lumber operations in the Crawford County area in the late 19th Century.

Mr. Hartwick's mother was the donor to the state of the 8,320 acres of timberlands in the Grayling area now known as the Hartwick Pines State Park.

In addition to management of his real estate and lumbering interests, Mr. Hartwick was an active University of Michigan alumnus and a major figure in Republican Party politics in Wayne County.

From 1946 to 1956, he served as president of the Wayne County Republican precinct organization.

Mr. Hartwick is survived by his wife, Louise, a daughter, Mrs. Laurence D. Connor, and a son, Alan E.

Burial was in the family plot in Woodlawn Cemetery, Detroit, near his father, who died during World War I while serving as a major of U. S. Army Engineers, and his grandparents, Nels and Margrethe Michelson.

The family has requested that any memorial tributes be addressed to the Allergies Special Fund for Research, University of Michigan, Ann Arbor, Mich. 48104.

equated the battle fought with the Japanese to that of our involvement in Vietnam. Japan attacked us vitally and we immediately took recourse in a declaration of war.

As to Vietnam, our appointed leaders took it upon themselves to intercede, making the United States the self-appointed savior to bring democracy and contain communism. Except for the Bay of Tonkin incident no overt action took place to evoke a declaration of war on North Vietnam. To this date, it is not clear technically, even to those present, that an attack did take place, but the incident ceded great powers to the President, hence our subsequent involvement.

There is an unexpected aspect in this war. I have seen many pictures of terrible torture and death to those being interrogated by the American and South Vietnamese army personnel. People are taped, bound, gagged, and blindfolded and thrown from high vehicles, hands cut off and left hanging by the heels, and poured into mouth and nose, etc., etc. We and our loved ones in the service are too good to be involved in less than the best of actions and motives. If you say "Well that's what the enemy does," it's still not good enough for us.

Too many examples are used which have no bearing on the terrible division of opinion lately. Once a battleground has been taken and the enemy and for the villagers surrender, he is to be treated humanely. It is dangerous to believe that, having secured the prisoners, we can then ignore a code of ethics and morality. The Geneva Prisoner of War Convention rules state, in no uncertain language what is to be done. The last line is "Always treat your prisoner humanely." You may not care one darn about those rules which you may feel endanger our fighting men but beware of the two-headed monster. There are many relatives and loved ones of American prisoners of war who are actively working to obtain humane treatment and the release of our incarcerated men from North Vietnam. On every hand you hear the Geneva Accord invoked as to why they can and do expect humane treatment by Hanoi.

Man has been trying for centuries to follow the teachings of Christ yet is still required to kill each other. Let us hope the time is near when we can all join in a common good, brotherhood.

Urge Dog Owners, Snowmobilers, Keep Animals, Machines from Deer

LANSING — The Department of Natural Resources is redoubling its appeal for dog owners to keep their animals tied up in northern Michigan until spring breakup is over, and urging snowmobilers to steer clear of deer yards in that part of the state during the same crucial period.

The DNR's two-pronged request is aimed at taking a necessary stress or strain off northern Michigan deer, thousands of which are badly weakened by this winter's severe onslaught.

DNR Wildlife Chief Pete Petoskey observes:

"In many northern areas, crusted snow is enabling deer to edge out from their wintering yards, but thousands of these animals are walking a sort of tightrope for survival. Many of them are in such bad shape that they don't stand a chance against attacking dogs. By the same token, these weakened deer can't stand the shock and strain of trying to escape from the roar and threatening movements of snowmobilers."

The DNR's renewed appeal to dog owners is heightened by latest field reports which continue to tell of dogs chasing down and killing defenseless deer in a number of northern areas. Those reports indicate

Penalty for Late Income Tax Payments

Detroit, Mich. — A penalty may be imposed on income tax unpaid by April 15, Thomas A. Cardoza, IRS District Director for Michigan, said today.

The penalty, enacted as part of the Tax Reform Act of 1969, is one-half percent for each month or part of a month the payment is late, but the total penalty is limited to 25 percent, Mr. Cardoza said. It does not apply to estimated income tax or the period covered by an extension of time to file the return.

Mr. Cardoza said that if the taxpayer can show the failure to pay timely is due to reasonable cause and not willful neglect, the penalty will not apply. The penalty is in addition to the regular interest charge of 6 percent per annum on late payment of taxes.

**County Community Service
Has Successful Year In 1970**

TOP PHOTO — Mrs. Marge Haugh, left, and Mrs. Sel Truettner prepare gift boxes that were distributed by Kiwanian members at Christmas. Bottom photo is a display of a portion of toys that were given to needy children in the county.

(By Mrs. Walter Truettner)

Crawford County Community Service finished its third season in 1970. It was just two years ago last October that a very shaky organization got off the ground on a project that no one knew too much about.

The aim of the organization was to help where help was needed, not only at Christmas time but through out the year. A Board was elected consisting of Mrs. Walter F. Truettner, president, Mrs. Bernard Fowler, secretary, Board members, Mrs. Clarence Holcomb, Mrs. Eli Beery, Mrs. Rex Hawkins, Mrs. Alfred Harland, Alvin Moore, Shirley Arnold and the late Mel Johnson.

As the work load grew, Mrs. Thomas Haugh was added to the Board as treasurer. This past year we have lost two valuable members, Mrs. Eli Beery and Mrs. Clarence Holcomb who have moved from our community.

Again we bought clothes and bedding for two families that had lost their homes by fire. Shoes and boots have been purchased throughout the entire year.

We played Santa Claus to 145 children this year, an increase of 86 from the previous year. 53 baskets of food were delivered to needy families. 15 lovely fruit plates were sent to shut-ins. Plants and candy were sent to some of our women residents in rest homes. Warm socks were sent to the men. Bath powder was sent to some of our friends in the hospital.

Our small group of board members know that none of this could have been accomplished without the wonderful cooperation we received. First of all our drive for funds exceeded our expectations. Even many of our citizens vacationing in warm places remembered to send us their donation.

Again Mrs. Rex Hawkins and Mrs. Arthur Carlson took over the tremendous task of shopping. Did you ever try to shop for clothes for 145 youngsters, to buy something dear and feminine to a little girl that is past the doll stage, or to pick just the right game for a boy when a dump truck no longer interests him?

It is also a big job to wrap and pack all of this. Mrs. Chas. Vajda took charge of the wrapping again and was assisted by Mrs. Thomas Haugh and American Legion Auxiliary members, Mrs. Goldie Moore and Mrs. Johanna Gorman.

Packing the boxes were Mrs. Roy Milnes, Mrs. Harry Fisher, Mrs. George Munford, Miss Eunice Schreiber, Mrs. Johanna Gorman, Mrs. Albert Kesteloot and Mrs. Haugh. Leon Rochette furnished and covered all the packing boxes with bright Christmas paper.

Our dolls were beautiful as usual. Their clothes were made by Mrs. Shirley Arnold, Mrs. Wanda Weeks, Mrs. Rex Hawkins, Mrs. Howard Taylor, Mrs. Roy Milnes and Mrs. Kenneth Koone.

Mrs. Loretta Barnes knitted Baby Bunting snow suits for all the baby dolls besides knitting some beautiful mittens to give out all winter to little folks with cold hands.

Services Held For Joseph W. Hagerman

Joseph Wayne Hagerman of Grayling died Monday, April 5, at Mercy Hospital. A former resident of Okemos he retired to Grayling in 1968 from Oldsmobile in Lansing after 30 years of service with that company.

Surviving are his wife, O. Marian; a son, Jack W. of Alma; three step-sons, Charles A. of East Lansing, William W. of Okemos, and Larry D. of Mason; four daughters, Mrs. Joyce E. Dixon and Mrs. Jean Dodge, both of Lansing, Mrs. Janet McConnell of Atlanta, Ga., and Mrs. Judy Wilson of Dayton, O.; three step-daughters, Mrs. Kathryn Bunker of Grayling, Mrs. Lois Murphy of Roscommon, and Mrs. Charlene Frye of Henderson; 46 grandchildren and three great-grandchildren; a brother, Dayle Hagerman of Lansing; and three sisters, Miss Flossie Hagerman and Mrs. Virginia Clark, both of Belaire, and Mrs. Cora McCay of Marion.

Services were held Thursday, April 8, in Lansing with burial in Eastlawn Memory Gardens in Okemos.

Monday Services For James Basso, 69

Funeral services for James Basso, 69, of 500 Norway, Grayling, were held Monday, April 12, at Sorenson Funeral Home with Rev. Clifford Molnar officiating. Burial was in Elmwood Cemetery.

Mr. Basso was born in Calumet May 27, 1901. He died Friday at the Extended Care Facility. He was a welder by trade and was never married.

Survivors include three brothers, Joseph of St. Clair Shores, Charles of Detroit and John of Danville, Ill.; also, three sisters, Mrs. Theresa Corradini of Alhambra, Calif., Mrs. Kathryn Hanrahan of Milwaukee, Wisc., and Mrs. Lucille DeRight of Donnellson, Ill.

MOOSE CALL

We start this right off with a regretful note. Brother Jim Basso passed away Friday, April 9th and services were held Monday, April 12. I know that I speak for the membership when I say that Jim's smile and good humor will be missed in the Moose Fraternity and I speak for all of us when I say "God bless you, Jim, till we meet again."

We have sure signs of spring again. Gladys Fischer is out of the hospital and carrying her pillow with her. Also it's wonderful to see Bill Fitzgerald getting around on a new foot and his wife home and looking much better.

Incidentally has anyone taken the time to look at the new ceiling in the club room? Thanks to the professional services of Ken Kirsch, Herb Wheeler, Dale Kenyon and Jerry Welch, and all the people who donated to this cause we have a club room that will match anything in Northern Michigan.

The fish fry Friday nite was another success but will be postponed for a few Fridays because a beaver dinner is being planned for Saturday, May 1st. We don't want too many to get over loaded with fish.

The bowling teams sponsored by the lodge still held their positions last week. Both Art Stephenson's "Moose Lodge" and Gallagher's "Bills Barber Shop" have only two weeks to go, so boys, get with them.

The election of officers was held Saturday, April 10th, and we have a complete new board of officers. Bro. Jerry Welch is the governor; Bro. Bud Taylor, junior governor; Dale Kenyon, prelate; Bill Fitzgerald, treasurer; 1 yr. trustee, Richard Lippard; 2 yr. trustee, George Warren; 3 yr. trustee, Thomas Gallagher. I'd like to offer my congratulations for the membership to this fine group of men. I know I speak for everybody when I say we need you, we support you, and you have the future of our lodge in your hands, and the majority of the membership is behind you all the way.

Also all Moose members better not forget the fact that there are a group of young men that brought a lot of honor to the Moose fraternity by winning the Little League Championship, and these boys are about ready to start another season. This membership owes it to support them one hundred percent not only with money but by your attendance at their games. So that they know they are supported all the way.

Don't forget a happy member is an active member.

Elmer Neal, publicity

CARD OF THANKS

Our deepest thanks to Dr. Dosch, Dr. Burkley, and Dr. Henig and the staff at Mercy Hospital for the wonderful treatment given my husband and our dad, J. Wayne Hagerman, who was a patient there and passed away Monday morning, April 5. Mrs. Wayne Hagerman and children

Twilight Twirlers

Members are hard at work to march in the Trout Festival, April 22 and 24, and the Maple Syrup Festival in Shepard on April 25. They go back to Kalkaska for another parade on May 1.

We are in the process of adding a color guard and musical section to the unit. These two sections are required if the unit is to participate in any competition. Anyone 13 years old and younger who can play drums or an instrument and would like to form a musical section for us, please contact any member of the unit or Mrs. Lippard.

The unit would like to march in Holland, Mich., at the Tulip Festival on May 15. In order to march in the parade and compete in the competition we have to have a color guard and a musical section. These are required for any competition. The girls are working hard for the chance to participate, so please help us if you can play an instrument or drum.

New uniforms have been ordered and a new flag will have to be made. All the members will have majorette boots.

The unit is sponsoring another Bee Line Fashion Party in the dining room of the Michelson Methodist Church on Thursday, April 22 at 7 p.m. Plan to come and bring a friend.

The senior members of the unit will be earning money to pay their way to a baton camp this summer. Watch for their projects and help them help themselves. Their first money-earner will be a bake sale on Michigan Ave. Saturday, April 17, starting at 10 a.m.

Easter Seal Sale Success

As the Easter Seal Drive for 1971 is about to close, no doubt the good people of Grayling will want to know the results of this worthwhile drive. Mrs. Leng will give the totals as soon as the books are finished. This week our article will be on the schools and Lily Day. Both have been a huge success.

First, we would like to thank Mr. Thayer of the Grayling Elementary School and Mr. Miller of the Frederic School. We will not forget the teachers and their kind co-operation in distributing the individual packets to the children.

Of course, every one would like to know what the schools have done this year. Two hundred and twenty nine dollars and sixty seven cents. We are very happy with the results in the school drive. We know we will have money to help carry on our projects for the year.
